

## Karen Lambdin's Workshops and Lectures

### Lectures

**The Next Dimension:** Travel with me on a journey to find the myriad ways to add dimension and interest to a quilt with free motion quilting. This journey travels through the zones to many sewing machines and techniques. The journey will include seeing many of my award-winning quilts up close. Optional power point presentation includes photos of my quilt set-up and design methods. \$300

### How Did You Quilt Those Straight Lines.....

and beautiful curves, and fun shapes? You can get them too, with ruler work on your domestic machine (or longarm). View my quilts with designs quilted by ruler work, and get new ideas for using this technique on your own quilts.

## Workshops:

**Quilting Fun on Your Home Machine-** I'm here to show you that your machine can be your ally in creating beautiful free motion designs on your quilts. Techniques include planning the quilting, marking the quilt top, basting, set-up of the machine, using stencils, free motion quilting, and easy fills.

\$30

**Heirloom Machine Quilting** - You know how to free motion quilt, but now what? How do you get those beautiful intricate creative designs onto your quilt. This class will teach methods for intricate quilting designs with emphasis on marking, free motion techniques, and tight fillers. Includes several feather designs, cross-hatching, and the use of stencils. Not for the beginner quilter, this class can be useful to the home quilter or for longarm quilters. We will be using a domestic machine in class and doing lots of drawing to practice the designs. \$30

## Paint and Quilt

First learn the techniques to paint your own 15" Christmas tree block/wall quilt. This is a fun, easy to learn, and forgiving paint technique!

After the paint dries, we will quilt the project with a few fun free motion designs. \$30 with a kit fee of \$10. kit includes black fabric with marked design and batting. Paints and brushes will be available for shared use.

## Rulerwork for Domestic Machines

Rulerwork is a great way to perfect your quilting skills. Learn to use quilting rulers when stitching in the ditch, making beautiful curved designs, and playing with specialty rulers. \$30

**Machine Trapunto in Four Ways** – learn 4 different methods of machine trapunto to stuff and fill your quilting designs. Methods include filled designs and shadow trapunto methods. This class is for those who have had some experience in free motion quilting. \$30/person with a minimum of 12.

### **Flowing With Feathers**

Want to learn to free motion quilt beautiful feather designs on your next quilt or project with your home sewing machine?

Come join Karen as she shows you how easy, fun, and versatile feather quilting can be!

We will learn the basics of feather shapes, then how to put those feathers into your design, and finally, learn several different styles of feathers.

This is a hand-on class with lots of drawing and free motion quilting on your machine.
